LLOYD F. MOSS III, D.D.S., FICOI

To Our Wonderful Dental Family,

We wanted to reach out to you with the sincerest hope that you and your family are in good health. We have some exciting news!! **We are Re-Opening tomorrow, May 1st, 2020!!** We are super excited to see all of you in the coming weeks and months as we realize our community has been through a lot over the last few months. While many things have changed, one thing has remained the same: our commitment to your safety.

Infection control has always been a top priority of our practice and you may have seen this during your visits to our office. Our infection control processes are made so that when you receive care, it's both safe and comfortable. We want to tell you about the infection control procedures we follow in our practice to keep patients and staff safe.

We follow the recommendations made by the American Dental Association (ADA), the CDC and the Occupational Safety and Health Administration (OSHA). We are up-to-date on all the new guidance and rulings that have been issued. That is our promise to you.

You will see some changes when we see you next. These have been made to ensure we protect our patients and our team. For example:

- 1) Our office will communicate with you to ask you some "screening" questions and take your temperature before entry into the office.
- 2) We have a hand sanitizer station when you enter the building and additional throughout the office.
- 3) You will see that we have removed all magazines, brochures, etc. from the reception area.
- 4) We have placed "cough barriers" at the reception desk
- 5) Reception chairs have been spaced appropriately for social distancing protocols.

We look forward to seeing you again soon and are happy to answer any questions you may have. Thank you for being a member of our dental family. We greatly value your trust and loyalty as we look forward to welcoming back our patients, neighbors, family and friends!!
